ADITYA SHARMA

Computer Science Undergraduate | Frontend Developer | DSA Enthusiast

workadityaaaa@gmail.com | GitHub | LinkedIn
Portfolio | LeetCode

PROFILE

Computer Science undergraduate at Bhagwan Parshuram Institute of Technology with a CGPA of 9.2/10. Frontend developer skilled in JavaScript, HTML, CSS and Tailwind CSS, with foundational knowledge of Node.js. Interested in building practical, user-focused web applications and strengthening problem-solving skills through DSA in C++.

PROJECTS

GitHub

Lang-Guess – Text Language Detection Tool
HTML, CSS, JavaScript, Node.js, Vite, franc, langs

- Built a browser-based tool that detects the language of entered text and displays the top language candidates.
- Used franc for language detection and langs for language names; also included a Node.js command-line interface.

GitHub

Spotify Clone – Browser-based Music Player
HTML, CSS, JavaScript, Fetch API, Audio API

- Created a browser-based music player that dynamically loads playlists and song listings.
- Implemented play/pause, next/previous, seeking, volume adjustment and mute controls.

Repo | Demo

TradeTornado – Student Resale & Donation Platform
HTML, CSS, JavaScript, DOM, LocalStorage

- Developed a platform for BPIT students to resell or donate academic resources through item listings and browsing.
- Implemented BPIT email-based login, wishlists, purchase management and seller messaging using JavaScript and LocalStorage.

PROBLEM SOLVING

- Solved 150+ problems on LeetCode, covering data structures, algorithms and core problem-solving patterns.
- Earned the LeetCode 50 Days Badge (2026).
- Regularly practice DSA and algorithmic problem solving using C++.

EDUCATION

B.Tech – Computer Science & Engineering
Bhagwan Parshuram Institute of Technology (BPIT), Rohini, Delhi
2025–2029
CGPA: 9.2/10

Class XII – CBSE
GLT SBM, Delhi 2025
94%

Class X – CBSE
GLT SBM, Delhi 2023
95%

TECHNICAL SKILLS

Programming Languages
C C++ JavaScript

Frontend Development
HTML5 CSS3 Tailwind CSS

Backend Development
Node.js

Tools
Git GitHub

Core Concepts
Data Structures & Algorithms OOP

COURSEWORK

- Data Structures and Algorithms
- Object-Oriented Programming

ACHIEVEMENTS

- Cleared internal selection rounds of Smart India Hackathon (SIH) 2026.
- Recognized for multiple achievements in public speaking.

COMMUNITIES

Junior Council Member
Anveshan – BPIT Technical Society

- Mentor first-year students in DSA and web development.

Member
Kalam – Literary Society
